SYNTHEZIZERS

## PROFESSIONAL SYSTEMS

The durability and musical versatility of Moog™ modular synthesizers have proved themselves over a decade in the world's finest studios and stages. Today, Moog Professional Systems are used by more recording studios, performers and universities than all other modular synthesizers combined.

Moog designs its products to the most stringent recording studio requirements: Noise-free patchcord interconnections of modules, highest quality electrical components, and precise rugged construction that makes Moog the most reliable synthesizer available. Moog Music is continuously developing innovations for today's progressive musician—like the 921 Series Voltage-Controlled Oscillators on Moog's new Professional Systems. They're super stable, with phase-lock synchronization and many outstanding new control features.

INSTRUMENT	PRICE
MOOG System 15 . . .	\$3,845.00
MOOG System 15A . . . (excludes Fixed Filter Bank)	3,405.00
MOOG System 35 . . .	5,935.00
MOOG System 35A . . . (excludes Fixed Filter Bank)	5,445.00
MOOG System 55 . . .	9,675.00
MOOG System 55A . . . (excludes Sequencer Complement)	8,085.00
Sequencer Complement A, Console . . .	2,365.00
Sequencer Complement A, Portable Case . . .	2,365.00
Sequencer Complement B, Console . . .	3,625.00
Sequencer Complement B, Portable Case . . .	3,625.00

## MODULES

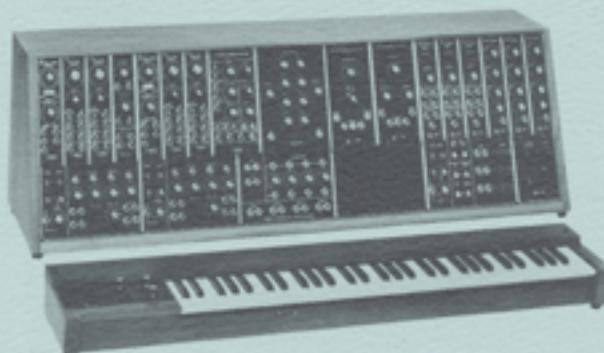

MODULES	PRICE
902      Voltage Controlled Amplifier .....	\$ 200.00
903A     Random Noise Generator .....	200.00
904A     Voltage Controlled Lowpass Filter .....	435.00
904B     Voltage Controlled Highpass Filter .....	305.00
904C     Filter Coupler .....	235.00
907      Fixed Filter Bank .....	725.00
911      Envelope Generator .....	175.00
911A     Dual Trigger Delay .....	175.00
912      Envelope Follower .....	235.00
914      Extended Range Fixed Filter Bank .....	1095.00
921      Voltage Controlled Oscillator .....	590.00
921A     Oscillator Driver .....	175.00
921B     Voltage Controlled Oscillator .....	350.00
923      Random Noise/Filter .....	320.00
928      Modular Sample and Hold .....	260.00
930      Power Supply .....	435.00
951      Five Octave Keyboard Controller .....	725.00
952      Duophonic Keyboard Controller .....	690.00
960      Sequential Controller .....	1485.00
961      Interface .....	435.00
962      Sequential Switch .....	325.00
984      Four Channel Mixer .....	800.00
991      Filter and Attenuator Panel .....	175.00
992      Control Voltage Panel .....	175.00
993      Trigger and Envelope Voltages Panel .....	175.00
994      Dual Multiple Panel .....	45.00
995      Attenuator Panel .....	110.00
1120     Foot Pedal Controller .....	59.95
1150     Ribbon Controller .....	345.00
1630     Bode Frequency Shifter .....	1000.00

## PROFESSIONAL SYSTEMS

### MOOG SYSTEM 15

- A complete studio synthesizer in a portable package . . . ideal for educational use.
- Five sound sources, 2 VCA's and Envelope Generators.
- Two-voice/two-note generation and processing.

### MOOG SYSTEM 35

- A compact studio system with all basic synthesizer functions.
- Seven sound sources, 3 VCA's and Envelope Generators.
- Fast switch selection of the most common control functions.
- Improved power supply for world-wide operation.

### MOOG SYSTEM 55

- A total studio system containing the most sophisticated, complete synthesizer functions available.
- Built-in Sequencer complement for programmed control.
- Nine sound sources, 5 VCA's and Envelope Generators.

New revised price list effective March 1, 1976. Products listed herein may be limited or discontinued and prices for the products may be changed without notice. To improve the design, quality and performance of our instruments and to make use of the best available materials at all times, we reserve the right to change specifications without notice.
