*Greetings from the folks at Big Briar. We are a community of musicians, business professionals, and technicians who work together to bring you some of the finest electronic music gear on today's market. We draw on a long tradition of analog design to build instruments with great sound, musician-friendly user interfaces, and rugged, good-looking classic-style enclosures.*

*We're proud to present Big Briar's Catalog 2000. Check out our moogerfooger™ analog effects modules, ETHERWAVE® and ETHERVOX™ theremins, and accessories. Try them out at your local authorized Big Briar dealer, or order them directly from us by mail, phone, FAX, email or our website. Join the thousands of creative musicians worldwide who are proud owners of our products.*
